Low Interest Loan Applications Closed

The Energy Commission has closed solicitations for ECAA and ECAA-ARRA funded loan applications effective immediately due to an oversubscription of funds.

Due to a very positive response to low interest financing for energy saving projects, the funding has been exhausted. Loan applications (for both the 1% and 3% interest rate loans) will no longer be accepted. The low interest loans have helped many applicants invest in energy efficiency, save money, reduce greenhouse gas emissions, and build new jobs.
